Rhythmic drumming, especially when accompanied by chanting & simple symbolic circle dance movements, has the power to calm, centre, lift depression, release anger and stress emotions, boost the immune system, enhance health and stress-resilience.

**WHAT IF YOU NO SENSE OF RHYTHM AND NO ABILITY TO CHANT AND DANCE??...**

Indigenous tribes say: "If You can Walk, You can Dance!! - If You can talk, You can Sing & Drum!!"

**Even in the womb - your spirit was tapping & dancing to the rhythm of your mother's heart!!**

Co-creative group-drumming taps into your natural self-expressive creativity builds self-confidence & self-esteem and a stronger sense of connectedness to oneself [self-integration] & others [teamwork].

Drumming helps us to experience being in harmony with the natural rhythms of life and helps us to release negative feelings, energy blocks and emotional trauma. Drumming brings you more fully into the present moment [mindfulness training] and provides a medium for individual spontaneity, creativity & self-realization.

Meditative and cathartic pow-wow drumming [multi-person drums] sessions are woven into your wide-ranging course of magical, therapeutic drumming experiences. Each evening ends with a drummed lying relaxation session with option of a visionary journey [shamanic journey].

Some Native American & Celtic circle dances and chants are included to help us drum holistically - from whole body and spirit! Each evening includes a short visionary "shamanic journeying" session.

**BRING WITH YOU: a mat to lie on + drum and/or rattle if you have them**

**COURSE COST = £52**
